

Peabody Municipal Light Plant

Community Owned. Not for profit. It's Ours.

PEABODY MUNICIPAL LIGHT PLANT ENERGY AWARENESS FORUM

When: Moving Online for March 2023
Where: WWW.PMLP.COM
Frequency: Anytime! From Anwhere!

Dear Citizens,

Originally designed to have local community awareness in an in-person setting, the Energy Awareness forums were for addressing public questions and concerns. After 3 quarterly sessions which were sparsely attended by an average of 2-3 people, it became apparent that the Forum should take a more modern form if it is to succeed. Since PMLP values the opportunity for the general public to have a way to provide feedback, ask questions, and express concerns about the Energy Industry, we will be moving this forum online where it will be available 24 hours a day, 7 days a week.

In its new form, Questions can be asked and responded to in a timely fashion, and a historical online database of information can be kept for any to see.

Effective immediately, there will be no meeting in the McCarthy Auditorium on December 21st. All future forum activity will be handled through a soon-to-be-created section of PMLP's web page, specifically designed to be a public Q&A area.

We are in the process of updating the website to accommodate a new technology substructure that will allow for this new format for the new Energy Awareness Forums. We hope you'll like what you see! Coming soon to a cyber theater near you!

We wish you all a happy and safe holiday season!

Sincerely,

Joe Anastasi, General Manager
Peabody Municipal Lighting Commission
